Waste Management Committee Meeting
Wednesday, September 23, 2015

2:00 p.m.

1. Call the meeting to order by the Mayor.
2. Declaration of Pecuniary Interest:
3. Approval of the Agenda.
4. Operational Landfill Site Hours:
 - (i) Request for an extension of the hours
 - (ii) Holiday Monday Hours – Thanksgiving Weekend, Christmas and New Year's Holidays
5. Household Hazardous Waste Days:
 - (i) Email dated August 6, 2015
Re: Proposed Hazardous Waste Fees Increase for 2016
 - (ii) In 2015 – our share of the HHW - \$7,088.15
6. Verbal Update – Meetings with MOECC and MNRF
7. Discussion on the immediate repair of the compacting unit
8. Proposed Bag Count (draft document as attached).
9. MV Surplus Equipment for Sale – Used Roll Off Bins
10. Verbal Update – Curbside Collection
11. Next Meeting date?
12. Adjournment:

Municipality of Hastings Highlands Winter Waste Site Hours of Operation Sept 9, 2015-May 23, 2016 TENTATIVE

Subject: Proposed Hazardous Waste Fees Increase

The Ontario Ministry of the Environment and Climate Change is proposing a regulation to amend Regulation 347, made under the Environmental Protection Act. The proposed regulation, if made, would raise the tonnage component of the Hazardous Waste Fees from \$10 per tonne to \$20 per tonne for hazardous waste transferred or disposed of between January 1, 2016 and December 31, 2016. The tonnage component of the Hazardous Waste Fees would be further increased to \$30 per tonne as of January 1, 2017.

The province is committed to ensuring that hazardous waste is safely managed. Not managing waste properly now—particularly hazardous waste—can lead to expensive clean-ups of contaminated land and water in the future. Current fees offset about 50 percent of the cost to regulate the management of hazardous and liquid industrial waste in Ontario. The proposed new fee structure is more in line with the actual costs of running the program. A full cost recovery approach will ensure that the program is financially sustainable and continues to achieve its environmental objectives as it evolves in the long term.

The ministry will work with businesses to ensure that the transition is as efficient as possible. We are also exploring options to improve the service delivery to, and reduce the administrative burden on, generators.

Please see [EBR Registry posting 012-3915](#) for additional information and to comment on this proposal. Do not respond to this e-mail as the account it was sent from is not monitored.
