

**MUNICIPALITY OF HASTINGS HIGHLANDS
CLASS ENVIRONMENTAL ASSESSMENT
SEPTAGE MANAGEMENT STRATEGY
PUBLIC COMMENT INVITED**

The Municipality of Hastings Highlands is studying the problem of managing septage which is generated within its geographic boundaries. Options include do nothing, haulage to a sewage treatment plant, treatment to permit spreading on agricultural lands, composting or disposal.

The project is being planned under **Schedule B** of the **Municipal Class Environmental Assessment**.

For further information on this project or if you wish to be notified of a public information meeting to be scheduled once the options have been evaluated and a preferred solution proposed, please contact the municipal office.

Public and agency comments will be incorporated into the planning and design of this project. Subject to comments received the Municipality intends to complete the environmental assessment and design approvals in 2011.

This Notice issued 6th January 2011

Frank Mills, CAO
Municipality of Hastings Highlands
