Dear Jason,

Please find our responses attached as per comments dated December 7, 2023, from Greer Galloway, comments dated November 30, 2023, from MECP and an email received July 16 2024 from your office. As such, the following is attached:

1. Letter from Cambium Inc. dated July 22, 2024, regarding slope stability and erosion hazard limit.
2. Stage 1 and 2 Archaeological assessments prepared by Archaeological Consultants Canada dated September 24, 2024.
3. A submission by Cambium Inc. was made to MECP January 21, 2025. No communication has been received at this time from MECP. Any comments received will be passed onto the County.

Should you require anything further to move forward with draft approval, please let us know as soon as possible.

Yours sincerely,

ECOVUE CONSULTING SERVICES INC.
