MEDIA RELEASE

03 September 2019

Hastings Highlands has closed Maynooth Community Centre effective immediately

Maynooth, ON – Hastings Highlands has received a stamped structural professional engineering assessment on the Maynooth Community Centre. The report has stated the building is not suitable for occupancy in its existing state.

Public safety remains top priority for the Municipality. As a precautionary measure, the doors to Maynooth Community Centre will be closed indefinitely until the Municipality has the opportunity to review this report in detail. The Chief Building Official and the Operations Manager will be working with the engineering firm to discuss next steps and formalize recommendations for Council to consider.

For now, all active Maynooth Community Centre rentals will be notified and alternative locations will be offered to them.

Your support and cooperation is appreciated.

The public will be made aware of any updates as they become available.
