## **Measures Taken In Response To COVID-19**

### **23 Mar 2020**

In Hastings Highlands, we are working with provincial guidelines and public health to put into effect community-based measures that will protect the general population in Hastings Highlands and do our part to slow the spread of this virus.

The Municipality's Emergency Control Group continues to meet on a regular basis to address updates on COVID-19.

Information regarding municipal programs and services, as well as provincial health messages will be shared via the municipality's social media and website.

Hastings Highlands will be exploring electronic meetings of Council in order to make key decisions without needing to meet physically, yet still maintaining transparency.

A reminder that while Municipal facilities remain closed, operations continue. Many of our services can be accessed on our website including payment options, applications and online resources.

We stress that the community must follow our Public Health Unit's advice and vigilantly exercise **protective measures** like **proper hand washing** and practising [social distancing](#) to reduce potential exposure of COVID-19 to the community.
